On Thursday, further similar efforts were made with the same result by Mr. Ensign and other noted experts, ALL OF WHOM FINALLY DECLARED THAT THE LOCK COULD NOT BE PICKED, and that the safe must be opened

I consider it was an extraordinary severe test, much beyond what a burglar could possibly employ under any circumstances and can assure it has inspired me with the highest confidence in the security of your Burglar-Proof Safes, AND THAT YOUR LOCKS ARE PICK-PROOF AGAINST THE BEST EXPERTS.

VENTURE Will stand for the Season of 1886 at N. F. BURGESS' stable, King street (formerly the

Pony Stables), season to commence February 1st, and end July 1st. Terms reduced to \$30 for the season; insurance at special rates. VENTURE is, in size, style, color, disposition and gait, as desirable a horse as ever came to the country. He is remarkably vigorous and very sure. Most of the mares bred to him last year are now heavy in foal, and his young foals are perfect models of beauty and symmetry, and are very highly prized by their owners. His success as a breeder in California before coming to this country was remarkable, and it is said that to-day most of the fine roadsters and driving horses in and about Oakland are claimed by their owners to be by VENTURE. When we remember that he stood for many years in the above named place at \$100 for the season, he surely ought at the low price now charged for his services command a liberal patronage from the public; and added to this his peerless breeding, it

is no wonder that his get are so valued. His pedigree is well known by all horsemen, but I will refer to it briefly: By Belmont, dam by American Boy, running back seventeen more thoroughbred crosses to the Burton Barb mare, his eighteenth dam. In conclusion, I will quote a few lines from a very valuable work entitled "Horse Breeding," just issued the past year: "If you breed from a horse of pure blood, no matter if the female is of common stock, you are breeding up; but if you breed from a horse of mixed blood, you are breed-
